# *ALL-HAZARDS PREPAREDNESS WORKSHOP*

*TEXAS A & M ENGINEERING EXTENSION SERVICE  
NATIONAL EMERGENCY RESPONSE AND RESCUE TRAINING CENTER*

This workshop provides a forum for local or regional executives to share strategies and coordinate plans for emergency preparedness and response. This workshop is an efficient process for discussing executive-level issues with leaders from the agencies involved in all levels of the emergency management structure. The expected outcome: Executive and administrative staff, responder chiefs/department heads and infrastructure and resource leaders sharing a common perspective and an understanding of the challenges they will face in times of crisis.

## Workshop Topics:

- Roles and responsibilities and preparedness challenges
- Domestic preparedness resources and how to leverage them for your community
- Homeland Security Strategic planning as it relates to risk and needs assessment and the Emergency Operations Plan (EOP) for your jurisdiction
- Executive-level incident response and recovery considerations, including medical/public health, situational appraisal, incident management (ICS), mutual aid agreements, media relations, recovery and restoration processes, Federal assistance, and business/economic recovery
- Includes a practical exercise tailored for the jurisdiction(s) as the catalyst to generate discussion of policy and emergency operations center activities required to support the incident commander's and state/federal government requirements related to an all-hazard, catastrophic incident

## Participants:

Participants receive an executive handbook on all-hazards preparedness. This reference book contains chapters on:

- The importance of all-hazards preparedness and the “right” questions to ask during an emergency situation
- The National Response Framework
- Local Government Partner Guides
- ESF and Support Annexes
- Working with the media Overviews of: the Stafford Act Support to States; DOD Support to Domestic Incidents; and Federal Support in Non-Stafford Act events
